1. Question: What is the amount of funding available for follow-up colonoscopies and staff time?

Answer:

The maximum allowed amount of staff time is \$10,000 (for 200 hours), and the maximum allowed amount of funding towards qualified colonoscopies is \$23,680. The total RFA budget per year should not exceed \$33,680 per health system. Note that there is a minimum of 10 follow-up colonoscopy screenings per year and may not exceed the \$2,368 Medicare rate per colonoscopy. Negotiated lower rates with providers are encouraged.
